

# ACTIONS AND DECISIONS

## Actions

Action ID	Action Description	Meeting Date	Owner	Status	Date Complete	Outcome
<b>FSB-A124</b>	FST to develop targeted communications to respond to service feedback	09/09/22	FST	In progress		The revised Communications and Engagement Strategy and planning responds to the recommendations made at the last meeting. Please see agenda Item 3 – Paper 1 for details.
<b>FSB-A126</b>	NB/FST/MH to engage with Chief Fire Officer Rob MacDougall in regard to his proposed communication with Chief Fire Officers raising awareness of the importance of the standards for all leaders	21/12/22	NB/ FST/ MH	Complete	14/03/23	All parties worked with Rob MacDougall and NFCC. This resulted in the Chairs attending the NFCC Full Council meeting on 14 <sup>th</sup> March to promote the Leadership and People Fire Standards to Chief Fire Officers.
<b>FSB-A127</b>	FST to action the recommendations outlined in the Fire Standards Impact Assessment paper and provide updates to the Board	21/12/22	FST	In progress		<p>The revised Communications and Engagement Strategy and planning responds to the recommendations made at the last meeting. Please see agenda Item 3 – Paper 1 for details.</p> <p>Recommendation regarding a review of HMICFRS’s publication of statements describing their judgment criteria to achieve “good” at inspection. A mapping exercise has been completed with the conclusion that there is reasonable alignment between the statements and Fire Standards. We will monitor feedback from services about these statements and their relationship with the standards and respond if any queries were raised.</p>
<b>FSB-A128</b>	FST to consider how feedback from the Impact Assessment engagement sessions and paper are shared with services	21/12/22	FST	In progress		Please see agenda Item 3 – Paper 1.

Action ID	Action Description	Meeting Date	Owner	Status	Date Complete	Outcome
<b>FSB-A129</b>	FST to review all Fire Standards published prior to May 2021 to ensure they cross reference the Code of Ethics Fire Standard appropriately	21/12/22	FST	Not started		Scheduled to take place in March 2023
<b>FSB-A130</b>	FST to formally share the report produced by CWW on EDI with the authors of the Core Code of Ethics for consideration	21/12/22	FST	Complete	23/12/22	Shared with Rob Barbour on 23/12/22. Rob committed to sharing the report with the remaining authors of the Core Code of Ethics.
<b>FSB-A100</b>	MH to draft a paper on NFCC Assurance processes and share with the Board at the next meeting	08/12/21	MH	Complete	21/12/22	JJ provided a response on behalf of MH. Guidance produced by NFCC undergoes assurance at an individual level, however the NFCC intends to introduce third party assurance to the broader suite of products.
<b>FSB-A105</b>	The Fire Standards Team to work with the relevant NFCC Lead to revise the Protection Fire Standard	08/12/21	FST	Closed	09/09/22	Work on this commenced in April 2022, the NFCC Policy Protection Reform Unit is in the process of redrafting the relevant wording with support from subject matter experts and the Protection and Business Safety Committee. Board is content for this action to be closed. Any further updates will be provided outside of the Board meeting.
<b>FSB-A113</b>	The FST to work with colleagues within the NFCC producing supporting guidance to consider when any new supporting guidance is published, how the FST and Board will be notified to ensure the guidance is linked to the appropriate Fire Standard.	15/06/22	FST	Complete	21/12/22	NFCC internal restructure will influence this action with a long-term goal of improving the quality of NFCC guidance and making links to Fire Standards clearer.
<b>FSB-A114</b>	FST to revise the Leadership and People Fire Standards based on feedback provided by Board members prior to the Board and recirculate for approval. The Board would be asked to provide their response within 24 hours.	15/06/22	FST	Complete	09/09/22	The standards were revised based upon feedback from the Board. The two standards were recirculated, and the Board approved the revised wording. The standards were published for consultation 24 June 2022.

Action ID	Action Description	Meeting Date	Owner	Status	Date Complete	Outcome
<b>FSB-A115</b>	FST to review how Incident Command Leadership could be clarified or referenced in either the Fire Standards or through communications. This would be brought back to the Board for further discussion.	15/06/22	FST	Closed	21/12/22	Considering the Fire Control Fire Standard, three operational response standards require a review which may lead to revisions. There are ongoing discussions in the NFCC and there is a possibility that there is a need for more robust guidance on Incident Command. The Board agreed to close this action. The Board should be updated on the progress of these discussions through the regular Board papers relating to development of Fire Standards.
<b>FSB-A116</b>	The FST will provide initial feedback on impact assessment from the engagement event taking place in July to the Board at its next meeting in September. The FST will continue to report progress to the Board at future meetings as further impact assessment work is completed during the Autumn	15/06/22	FST	Complete	21/12/22	A report was provided at the December Board meeting under Item 3 - Paper 1.
<b>FSB-A117</b>	FST to draft a question on EDI within the Impact Assessment Tool.	15/06/22	FST	Complete	31/10/22	Impact Assessment engagement events have negated the widespread release of this proposed tool. A scaled down version is likely to be used as detailed in Item 5 – Paper 2. The EDI Review of Fire Standards has replaced the need for this action.
<b>FSB-A118</b>	FST to carry out a review of existing standards for EDI references and provide a report to Board with conclusions by the December meeting.	15/06/22	FST	Complete	21/12/22	A report was provided at the December Board meeting under Item 6 – Paper 3.
<b>FSB-A119</b>	Fire Standards Team to arrange meeting with HMICFRS to discuss how their inspectors interpret Fire Standards to ensure accurate judgements of service progress with implementation are made.	15/06/22	FST	Complete	29/11/22	A meeting between FST and HMICFRS Deputy Portfolio Director and team was held on 29 <sup>th</sup> November 2022. A commitment to meet regularly was agreed.
<b>FSB-A120</b>	SMcC and AS to draft a letter in response to the White Paper and share with the Board for information.	15/06/22	FST	Closed	09/09/22	It was agreed post-board that the Chairs would not provide a formal response to the White Paper.

Action ID	Action Description	Meeting Date	Owner	Status	Date Complete	Outcome
						Ongoing communication with the Home Office is in planned.
FSB-A121	JB to arrange an introductory meeting between new Fire Minister and Chair and Vice-Chair of the Fire Standards Board.	09/09/22	JB	Complete	12/12/22	A meeting has been scheduled for the FSB Chairs to meet the Minister on January 18 <sup>th</sup> at 3pm.
FSB-A122	FST to add completion dates to the Action Log	09/09/22	FST	Complete	12/12/22	Completion dates have been added to the Action Log
FSB-A123	FST to facilitate a meeting between the FSB Chairs, NC and BA to discuss elected member engagement.	09/09/22	FST	Complete	21/12/22	A meeting has been held on December 21 <sup>st</sup> directly prior to Board.
FSB-A125	FST to work with colleagues within the NFCC to consider development of a simple infographic or diagram to help show the relationship between Fire Standards, HMICFRS and other core components of continuous development.	09/09/22	FST	Complete	21/12/22	FST to share infographic with Board on December 21 <sup>st</sup>

## Decisions

Decision ID	Decision Description	Date
FSB-D041	The Board agreed an impact assessment survey was required to establish a baseline and provide insight to the Board about whether Fire Standards were being adopted by services and how they are approaching their implementation.	15/06/2022
